FEATURES & DETAILS

Optimize your space with the 4-tier fitness ball rack designed for efficiency. Its space-efficient design allows it to snugly fit into corners, while the rotating feature ensures quick and easy access to your fitness balls. This multi-functional and versatile rack accommodates various combinations of VTX medicine balls and/or wall balls. With a robust 600 lb. weight capacity, it can securely hold up to 12 of our 50 lb. slam balls, making it a reliable and durable storage solution for your fitness equipment needs.
