FEATURES & DETAILS

Build core body strength throughout the range of motion with our VTX functional training balls. The rugged, rubberized shells are thicker, making them ideal for forcibly bouncing on a hard surface floor, throwing against a solid wall or our VTX rebounder/trainer (G-REB). Each ball has a finely textured surface for a sure, reliable grip while handling. Our VTX Medicine ball rack (GMBR-6) offers the perfect storage solution.

WARRANTY INFORMATION

VTX products come with a full 1-year warranty against manufacturer defects or breakage through improper use by the end-user in light commercial setting. This 1-year warranty does cover in a light commercial setting. Rubber products may carry a slight odor. This odor should be considered normal and will not be covered under warranty.
