FEATURES & DETAILS

Our Med Ball Pac includes our GMBR-6 rack equipped with 6 of our VTX Medicine Balls. The rugged, rubberized shells on our med balls are thicker, making them ideal for forcibly bouncing on a hard surface floor, throwing against a solid wall, or our VTX rebounder/trainer (G-REB). Each ball has a finely textured surface for a sure, reliable grip while handling. Our VTX Medicine Ball Rack (GMBR-6) offers the perfect storage solution.

WARRANTY INFORMATION

VTX products come with a full 1-year warranty against manufacturer defects or breakage through improper use by the end-user in light commercial setting. This 1-year warranty does cover in a light commercial setting. Rubber products may carry a slight odor. This odor should be considered normal and will not be covered under warranty.
