35 lb - 2.32 in. (59 mm)

45 lb - 2.05 in. (52 mm)

100 lb - 2.54 in. (64.4 mm)

FEATURES & DETAILS

Affordable quality! Our VTX high grade, wide flanged, “quiet iron” rubber encased olympic grip plates feature 3 slotted gripping areas (45 lb, 35 lb, 25 lb, and 10 lb only) that actually raise them off of the ground, providing easier lifting and loading from a prone or angled position. The durable rubber coating protects the plates, floors and other equipment from damage. Raised reinforcements on both sides of each grip slot help make it a true institutional plate and the choice of trainers, world wide. A new steel, center bore insert provides a snugger fit on most 2” Olympic bars.

*SKU for the 100 lb plate will be O-100R

WARRANTY INFORMATION

VTX products come with a full 1-year warranty against manufacturer defects or breakage. This 1-year warranty does cover in a light commercial setting. Rubber products may carry a slight odor. This odor should be considered normal and will not be covered under warranty.
