FEATURES & DETAILS

Affordable quality, our VTX high-grade, wide-flanged, Olympic Grip Plates feature 3 slotted gripping areas (45 lb, 35 lb, 25 lb, and 10 lb only) that actually raise the plates off of the ground, providing easier lifting and loading from a prone or angled position. Raised reinforcements on both sides of each grip slot help make it a true institutional plate and the choice of trainers, world wide. Center bores are precision drilled for a snugger fit on most 2 in. olympic bars. Rust resistant, twice baked gray enamel finish.

WARRANTY INFORMATION

VTX products come with a full 1-year warranty against manufacturer defects or breakage through improper use by the end-user in light commercial setting. This 1-year warranty does cover in a light commercial setting. Rubber products may carry a slight odor. This odor should be considered normal and will not be covered under warranty.
