FEATURES & DETAILS

For over a decade, our VTX 8 sided, rubber encased dumbbell has been the go to choice of institutional dealers nationwide because of its rugged design and enduring performance. Its proprietary rubber surface helps to reduce noise and protect floors and equipment, while solid steel, chrome ergo handles are medium knurled to provide a firm, comfortable grip. With all these quality features at an affordable price, it's also a popular choice of fitness conscious consumers everywhere looking to outfit their homes.

WARRANTY INFORMATION

VTX products come with a full 1-year warranty against manufacturer defects or breakage through proper use by the end-user in light commercial setting. This 1-year warranty does cover in a light commercial setting. Rubber products may carry a slight odor. This odor should be considered normal and will not be covered under warranty.
