FEATURES & DETAILS

Our sturdy VTX Push/Pull Sled Strap can be used with our G-SLED in place of a shoulder harness. Two loops on one end can be draped over each shoulder and grasped, one in each hand, or wrapped around each shoulder. It fastens securely on the other end to a welded connection flange on the G-SLED via a permanent, threaded carabiner clip.(included) Constructed from an ultra-strong, braided polyethylene (HDPE) material that retains its elasticity and provides consistent pulling power.

WARRANTY INFORMATION
